

UNM

Residence Life & Student Housing

Recreation Area Attendant

Recreation Area Attendants help our department provide areas for students to grow and develop socially with their other on-campus peers.

Recreation Area Attendants (also called Rec Attendants, for short)

maintain the Hokona Hall Cellar Game Room. Their primary duties and responsibilities include the following:

- Provide quality customer service to on-campus residents
- Open and close the Hokona Hall Cellar Game Room during designated recreation periods for on-campus residents
- Monitor the Game Room, which may include picking up trash, storing equipment, assisting students with appropriate use of equipment, and so on

The Rec Attendant position is a great entry level position for students entering the workforce. Also, Rec Attendants have the fun opportunity of connecting with other UNM students in a relaxing, enjoyable environment.

If you are interested in becoming a Rec Attendant, we encourage you to:

- Live on-campus
- Actively participate in your campus community

Rec Attendant positions are recruited whenever a vacancy becomes available. Often times, our Community Development Assistants (CDAs) also serve as Rec Attendants. We encourage you to consider both positions and to check UNM Jobs periodically for both of these positions.

Recreation Area Attendants are compensated at \$8.50 per hour.
